

First Light on the Trade Way

Tuesday, 7 July 2026 · recorded 2026-07-08T00:11:07.579Z (02:54:57 long) · transcribed with large-v3 on cuda/float16 · chat events: 221 in window, 0 outside

DM (195) · Jetten (165) · Gren (123) · Morgash (89) · Thomas (86)

The whole session as the recording and the Foundry chat log have it: every speaker's track transcribed by machine and merged on the clock, with the table's rolls and chat cards in between. Verbatim and unedited — the stumbles, the cross-talk and the mis-hearings are the real thing.

 a roll  a chat card (an item, a feature, the party stash)  a whisper or a blind roll the players did not see

00:00:00	DM	So it's now recording. And then what I'll do is I'll just feed this to an LLM so it can create an adventure log later so we can remind ourselves next time we play. And I'll clean out the chat right there. Okay, so I'm gonna jump us to the beginning. And for this session, I'll kind of like walk you guys through and remind you of stuff. Even you, Tom and Anthony, because there's like rule changes that you're gonna wanna be aware of. And we'll just kind of touch on that during the combat. Okay. Yeah, well, it's gonna be... My mind is still in Pathfinder 2, so I'm like struggling myself here. Yeah. Okay. You shall find yourself in an inn. Oh, just housekeeping as well. There are player handouts. I don't know if you figured out the UI. I don't know if you figured it out, Drew.
00:00:43	Morgash	That will be great.
00:00:52	Morgash	It happened the same to me when I was looking at the character sheet. Yeah.
00:01:03	Morgash	I hear about that when I moved here a long time ago.
00:01:14	DM	But on the right-hand side, there's a column of icons, chat message, combat encounters, scenes. Halfway down is a thing called Journal. And there's a little folder called Player Handouts. And you can read those. That has a little bit of intro. I'm gonna assume everybody sort of read the byline. So I'll just jump right in. I'm not gonna read the text capsules verbatim. So you are all in the town of Daggerford, which is in the Forgotten Realms. It is a notable town. It's not too big. It's not too small. Plenty of adventurers come through and go. Where you're at now is a place called the Silver Gauntlet. And essentially, this is a tavern at the Southern Gatehouse, at the southern gate of Daggerford. It's usually where adventurers set out to begin whatever quests that they need to set out. Just a little bit of flavor.

00:02:29	DM	There's a silver hand that sits on the floor, which you can probably see. Let me share that for you. So this is sort of just an illustration of the inn. That should pop up on your screen. It's just sort of what the inn is famous for. And also it's famous for, it's your last call to get anything that you might need, anything that you might purchase, any last discussions that you might want to make. You might want to talk amongst yourselves a little bit and introduce your characters to one another if they don't know each other. You, as a group, did rent a room here. And you do have a supply of treasure that you've been storing in a chest where you've been keeping it safe before you head out. Thomas Invictus has the key to that chest, which you can go and collect your items when you're ready. And once you collect those, you'll be on your way down the tradeway towards the Misty Forest, where each of you may have your own reasons to search out this relic called the Broken Heart and its Pieces.
00:03:44	DM	So when you guys checked into the hotel, you rented a room for four people. One of the things that the inn does as well is it has a treasure store area for adventures such as yourselves. It's where you keep magic items. Throughout the past few days, you've been collecting some to help yourself on this trip. Usually you don't want to walk in town with all of your most important items. So for a fee, the inn keeps them here for you, safe and sound and free from people who might loot it. And whenever you're ready, I can show you where it's at. But you might want to talk amongst yourselves first.
00:03:53	Gren	What do you mean we have a treasure chest?
00:04:39	DM	Yep, I'll help you out. In theory, you guys have met before, but you might want to re-sync and have a discussion. Collectively, you decided to head out here as your last sort of rest before you hit the tradeway on the road down south.
00:04:39	Thomas	hey guys why did uh how did we all get to know each other and end up in the uh the end together you guys hear me so i'm thomas and i'm paladin and uh i know jetton is that how you pronounce it jetton from a long time ago we've known each other our on and off our whole lives it's just kind of a wonder but i grew up here in daggerford
00:04:42	Jetten	Yeah, Rob, the only thing I was going to say is
00:04:59	Gren	Yeah, so I'm Gren.
00:05:22	DM	But yeah, you might want to talk about how you met beforehand.
00:05:44	Thomas	and uh due to personal tragedy i instead of being a townsman i'm now a paladin on a mission oh you're 100 okay yeah okay you're 110 i'm 28 all right so i grew up on a ranch outside of a town and then later on became a scribe in town but when i lived on the ranch as a kid jet jetton would wander through the town and i would go to the ranch and i would go to the ranch and i would go to the ranch and i would go to the ranch and i would go to the ranch and i would go to the ranch through every now and again and we got to know each other that way i know why he's going on this

00:06:01	Jetten	it's your whole life because I'm 110 years old because I'm an elf. I have a much longer lifespan than you.
00:06:29	Jetten	Exactly. And I'm going on to support Thomas.
00:06:34	Thomas	mission and i'm going on the mission to avenge my family that was murdered how did you how did you
00:06:50	Gren	I'm a gnomish sorcerer. And I grew up in the Misty Woods, and we try and avoid contact with pretty much everybody in our little community. And when I was young, we found out that I had an attachment to Spellfire, and the elders of the town got worried and sent me to study in a monastery, a saloon, where I learned to channel my magic into some healing.
00:06:55	Jetten	Awesome.
00:07:37	Gren	But I was outcast from my community. And while I was there, I was like, I was going through an old temple ledger, and I found some references to the shard. And being connected to magic, I decided to seek and reunite the broken shard. And I ran into Morgash, the orcish fighter, when he was defending the town, and I healed one
00:08:11	Gren	of his companions of Morgash.
00:08:16	Jetten	Very cool.
00:08:20	Thomas	how did you guys hear about the broken heart i don't know much about what it is but i know that it might be connected the pieces might be connected to necromancers
00:08:35	Morgash	I'm originally from a city near Baldur's Gate, but a situation that I don't want to discuss right now. I moved here and I have been helping caravans. Basically, I serve for hire. I hear about the rally team. I think it's going to be a good thing to find so I could finally retire.
00:09:05	Jetten	This one.
00:09:17	Thomas	that i'm trying to find so um i used to have a suspicion i just know that there's a a group of thieves in the town here that are surreptitiously selling body parts to someone and i think and when i i figured that out while i was just working as a scribe and somehow or another i have a feeling i i uncovered this artifact the existence of the artifact while i was investigating
00:09:23	Morgash	Do you think that, or do you know that those guys were involved in what happened to your family?
00:10:03	Thomas	those thieves and there could be a connection but i'm not sure i appreciate that that's got to be
00:10:10	Morgash	We figure out if there is any connection, then they will feel the wrath,
00:10:21	Morgash	and you will have your back. Vengeance, I swear.
00:10:33	Gren	So I bring out the map that I had of where
00:10:40	Gren	we think the four shards are.

00:10:49	DM	So I can actually bring you on a big screen here, which you should all be able to see. This one, right? Yes. Yeah. So you can actually draw on this map. So Daggerford is right here, where the white circle is. This is the tradeway down here. It makes sense for you to go partially here and over to Greenrest. And then from there, it's a spoken hub to your four leads. The Temple of Shar. Sharrens are... Feedback's really confused me. Yeah, yeah. Yeah, so Shar is the goddess of night, loss,
00:10:53	Jetten	Oh, excellent.
00:11:00	Thomas	so it seems like we're going to have to take everything out of this treasure chest and then
00:11:08	Thomas	lug it down to green rest and make our base there yeah yeah i agree i definitely think the dragon is
00:11:15	Jetten	Where are we now? We're in Daggerford, right? Okay.
00:11:26	Jetten	Mm-hmm. Um, our, uh, um, feedback. We're getting to Echo again. Yeah, yeah. Yeah, so Char is the goddess of night, loss, and loss of goddess that basically practices dark and shadow magic. The rest, I think, is self-explanatory. There's Hank, Coven. Okay, we got to stop the feedback here. Let's go. It's got to be me. I'm sorry, guys. Okay, so, so, Drew? Yep. Now, let me... So, you can go to settings in Discord. Yep. And then voice and video. Mm-hmm. And underneath that...
00:11:55	Gren	We're getting the echo again. Yeah. OK, so Drew, now let me, so you can go to settings in Discord, and then voice and video. And underneath that should be voice. Yeah. Yeah. Yeah. Did you follow that? Are you on the voice and video tab of the settings for Discord? Hello?
00:12:03	DM	and loss of memories. She's an evil goddess that basically practices dark and shadow magic. The rest, I think, is self-explanatory. There's a hag coven. Okay, we got to stop the feedback here. Or is that... That's Drew. Yeah. He might be muted. Yeah, he's muted. Oh, there you go.
00:12:39	Jetten	All right, so... Are you...
00:13:09	Gren	OK, so anyways, when you go in there, you want to go to voice isolation and click that button. Hopefully, it's not picked already. And that usually says something, Matt. Way better, yeah. All right, perfect.
00:13:17	DM	I didn't know that existed. Yeah, I'll paste a picture in Discord.
00:13:28	Jetten	Is that better?

00:13:31	DM	Yeah. Yeah, it's much better. Great, thank you. Okay, yes. So to go back, this is all common knowledge. The Temple of Shar. All you know is that there's a temple. Like I said, Shar is a goddess. She's the goddess of loss. Yeah. Darkness and forgotten memories. You learn that there's a hag coven. Several hags that have another artifact of it, of the broken heart, one of the shards. There's the lost shrine, which you don't know anything much about except for it's guarded by some kind of monster. And there's a green dragon that has taken one of the pieces of the broken heart as part of its coveted treasure hoard. Yeah.
00:13:33	Jetten	Now I'm talking. Yeah, that's better. Thank you. Sorry, guys. I don't mean... Yes. I don't mean to be a geezer. I'm sorry. I just didn't... I don't mean to be a geezer. I didn't mean to be a geezer. This is a fact. It's all common knowledge. Temple of Char. We know that this temple... I guess, Char is a goddess. She's the goddess of loss. Yeah. And forgotten memories. You learn that there's a Hank Coven, several Hanks that have another artifact, a bit of the broken heart. Of the shards. thing much about except for it's guarded by some kind of monster and there's a green dragon that has taken one of the pieces of the broken heart as part of its coveted treasure well can i we have to deal with this go ahead tom i'm sorry yeah no we're getting the echo again oh sorry you're difficult to follow the conversation do you make sure that yeah i i put that i i turned
00:13:37	Gren	No, we got the echo again. Yeah, we have to deal with this, because no, we're getting the echo again. It's pretty, it's very difficult to follow the conversation. Did you make sure that, go back in that same menu
00:14:36	DM	Yeah. Best bet is always ear pods or a headset. Best bet. I'm testing one, two, three. Way better, yes.
00:14:46	Gren	and make sure that it says something? Yeah, that's way better. Yeah. Yeah. And I turn to Morgash and say, I know that you want to retire, but perhaps in the hag coven, we can find you a spouse. Seems like the perfect place for you. Yeah.
00:14:47	Jetten	off the voice isolation but hold on yeah how is it doing now guys so i was going to say in character which is if it if a dragon has one of the shards i think that should probably be one of the latter expeditions that we go on the dragon's going to be a challenging
00:15:07	DM	Okay. Yeah, you are from the area. So survival is probably the most relevant check. So why don't you roll that and sliding DC based on the higher you get, the more I'll let you know.
00:15:20	Jetten	encounter well let's hope let's hope there's not something worse you are as well we should go
00:15:41	Morgash	Thank you.
00:15:47	Thomas	probably the most powerful out of i'm proficient in religion but i don't know how to i can't how do

00:15:53	Gren	So in my lore of the Misty Woods, of the Misty Forest, what do I think, what have I heard of this dragon or any of these areas? And do I know anything about how dangerous? Yeah. OK, just a sec. Can I just double-click on survival? Yep.
00:16:21	DM	Wow, okay. So yeah, you're familiar with the Misty Forest, of course, because it's your home. You're not aware of any, like, adult green dragons. If there is a green dragon, and honestly, since you got to Daggerfur, this is the first you've heard of it, it's probably a young green dragon or a wormling that's growing. They're usually far less dangerous compared to an adult, but nothing to be trifled with. I'll let you do another one at disadvantage. If anyone's proficient in religion, they can roll that, too. Okay.
00:16:27	Gren	And do I know about the influence of the Temple of Shar? I'm proficient in religion.
00:16:30		Gren Greenmantle — Wisdom (Survival) Check: $1d20 + 1 = 20$
00:17:32		Gren Greenmantle — Wisdom (Survival) Check (Disadvantage): $2d20 \text{dis} + 1 = 4$
00:17:36	DM	Yeah, you've never heard of a Temple of Shar, which doesn't surprise you because they operate in absolute secrecy. Click your... Oh, I have two more gashes. That's why. So you can't even see the map. That's my bad. There you go. There's the map we're talking about. But if you click on your character... Okay. Yeah. Yep. Oh, so yeah, a natural 20 is usually something that gives you a little bit of extra bonus. You are familiar with Shar pretty well. She is an evil deity, like I said. Just to repeat, she's the goddess of loss, the night, the empty night sky, and she is basically pretty evil.
00:17:38	Gren	OK.
00:17:47	Thomas	i get back to that screen where my character guy is oh i see oh i can see the myth i just couldn't
00:18:07	Thomas	character all right religion okay so i double i click on that and i roll normal one thing i'm
00:18:16		Thomas A. Invictus — Intelligence (Religion) Check: $1d20 + 2 + 2 = 24$
00:18:49	DM	Most of her worshippers operate in secret. It doesn't surprise you one bit that Gran doesn't know anything about it. Anything that they're doing would be something that their sect or their temple or whatever it is that they're doing there would be something that they would guard and hide with their best efforts. Yes. If you'd like to, let me just flip you back quick. So as you talk about the test, this guy over here called Lord Hargrove comes up to you. You recognize him as the owner of the inn. And he says, I heard you want to go get your magic items. I can lead you back if you've got the way.
00:19:28	Thomas	thinking about is we have to get everything out of that chest and come all the way down the trade way and and get into green rest because they're gonna be yeah let's go what do i do if i click down

00:20:04	DM	Okay. Follow me, sirs. This way, please. He points up to the Cardinal North where you see a door, Thomas, and you can click on the door. Yep. And then you pull out your key, which is in your inventory. And I'll just show the others your key, which flips up in the chat box. And the door is now unlocked for you to go through the hallway. Lord Hargrove says, good luck. And he makes his way back to the rest of the inn. It's to the left, he yells. And you recognize Thomas. There's a chest where I am ping. If you click on it, you can sort through your items and decide how it best gets distributed.
00:20:05	Jetten	any thanks you

00:21:05	Jetten	there and how can i see inside the chest i'm sorry okay thank you oh i see well
00:21:18	DM	Anybody can click on the chest, too. And you can hover above an item if you want to figure out if it's relevant to you or someone else. Or, I'm sorry, I think you can click on it. That pulls up the description. And if you want to take it, I can't recall. I don't have a token on me right now. But I think there's a take button somewhere.
00:22:08	DM	Mm-hmm. This is the one you actually, this is the one you actually found fapping. And Morgash was really interested in it because it is from his old company, which is the Flaming Fist of Baldur's Gate. Oh, okay. Oh, just get a,
00:22:08	Thomas	yeah there's a take button i'd be interested in taking the stone of good luck and other than that maybe some gold and that's it for me
00:22:46	Gren	Well, who uses a great sword? Yeah, just double-click on it, Anthony. Who uses a shield?
00:22:50	Thomas	that's a two-handed sword isn't it yeah i don't
00:23:01	Thomas	yeah yeah yeah the only item i'm interested in is the good luck stone all right i guess
00:23:12	Morgash	Okay.
00:23:23	DM	you have to be within five feet of it. So I think if you walk right over here where I'm ping, you should be good. What's that, Anthony? Yep. So I'll just, Drew, I'll move you a little bit. So you'd go like here. Yep. And there you go. Currently, Thomas Invictus is the only one that generally uses a shield.
00:23:30	Morgash	Inside the chest.

00:23:36	Morgash	If we could put, if we can put stuff.
00:23:45		Matt the DM: Morgash the Gravemaker picked up the following items: Ember-Touched Greatsword 1
00:24:00	DM	It would be a good fit for a pallet.
00:24:02	Gren	Yeah, so you should grab the shield. I'll grab the Wand of the Warmaid. Morgash, take the shield. Morgash, take the sword. You took the sword? Yeah, so you took, yeah, of course. So take the quiver. And then somebody said they wanted the Stone of Good Luck. Yeah, all right. So someone who's a fighter should take the Cloak of Protection, somebody who's in the front lines. So either Morgash or Thomas. OK. OK. Take that.
00:24:15	Morgash	Yes, I took the sword. Okay. I put, I put a great sword in the chest because it's not used to have two swords on me right now.
00:24:16		Matt the DM: Gren Greenmantle picked up the following items: Wand of the War Mage +1 1 Periapt of Wound Closure 1 Gold 207
00:24:18	Jetten	i'm an archer guys so the quiver could be helpful that'll buff your armor and it right
00:24:20		Matt the DM: Thomas A. Invictus picked up the following items: +1 Shield 1 Stone of Good Luck (Luckstone) 1 Cloak of Protection 1 Gold 206
00:24:26		Matt the DM: Jetten Elisedil picked up the following items: Quiver of Ehlonna 2 +1 Dagger 2 Gold 414
00:24:33	Thomas	i did you guys might be i kind of have a low constitution a relative but what i don't know
00:24:46	Morgash	So if someone needed to use it, I took the magic wand and put the other one.
00:25:13	Thomas	what you need that i guess i'll take that i'm probably the closest to youtube okay
00:25:16	Gren	Yeah. And your saving throws. What is ? Yeah, so that's just this. I'll take it, and we'll use it, whoever needs it.
00:25:46	DM	Kjotun's Ointment is a healing salve that can also remove poison. Periaptive Woundclosure is good for anybody, maybe a little bit more on a martial character. And the plus one dagger probably is best for Jetton because I think he has a dagger and he might dual wield.
00:26:20	Jetten	i could take that yeah yes please all right morgash if you guys are fine we can close this
00:26:28	Gren	And then we each take 207 gold, basically. Yeah, it only let me take a quarter of it. I already took it. So everyone take 200. But yeah, take away my 207 and put it back. And then split it. Yeah. Does everyone take 207? Somebody take 200.
00:26:32	DM	There is a button that you can split the currency. Yeah. Would you like me to split it for you? Oh. I wouldn't worry about it. Just grab what you need. I can't split it for you. Sorry. Okay. And Morgash takes the ointment.

00:27:00	Thomas	okay
00:27:01		Matt the DM: Morgash the Gravemaker picked up the following items: Keoghtom's Ointment 1 Gold 207
00:27:13	Jetten	up no morgash put it back because we don't need to yeah it's a good place to because we're not going to have we're not necessarily going to have anywhere else to
00:27:15	Gren	Yeah. Yeah. So where should we go?
00:27:16	Thomas	sword yet okay oh god i got it should i put my other shield in there i guess because now i have two shields but it doesn't hurt to carry it someone yeah oh okay and how do i move my okay
00:27:24	Morgash	And yeah, yeah, we're going to take a lot.
00:27:34	DM	Yeah. Doesn't hurt. Yep. Well, first you have to get there. Yes. Yes, you can. As you're calling the map, there's a, there's a road. At some point, you're off into the woods,
00:27:41	Jetten	store this all right well shall we be off on our adventure first we have to get to green rest
00:27:54	Thomas	how do i move my other shield can i just drag it in there yeah there it is okay yeah we have to not die on the road into the way on the way we have to not die on the road until the way on the way
00:28:28	Gren	We're going to do the dragon last. Well, I guess we'll go to town. Yeah, we have to get to town. So let's go to town. Right. Can we walk there? Or do we think we need to go? Yeah, all right. All right. Yeah. OK. OK, so let's go do that. Let's start walking.
00:28:35	Jetten	those are about green rest business brings you what yes what brings business brings you to
00:28:46	DM	which will be a little bit more dangerous territory. Okay. Just to complete the tutorial, you may want to leave the room, take the hallway back, and then, where Gren is, it's right here, the door to leave. You might want to wait for your friends. There's two ways to move. You can drag your character. When you drag it, do it in straight lines. When you have walls around you, you can also use the W, A, S, D keys to move it kind of up, down, left, right. Yep. Yep. Another room for other adventurers. Oh, but you do see Thomas. There's another way out if you wish to take that. And you see your friends down below to the south. And you can drag it further too.
00:28:52	Gren	Oh.
00:29:39	Thomas	other room here do i do something wrong am i do i need to go through the

00:30:00	DM	Like you could drag it all the way to the bottom. There you go. Well, not that quite far, but yeah. Okay. If there's anything else, you'll be on your way. Unless there's anything else. No. I'm going to, what I'm going to do is what happens is, um, generally when you move, there's scene transitions. So I'm going to transition you to a different scene. And you find yourself on what is known as the tradeway road. Um, it's an open road. You start making your way south. Uh, every once in a while, um, you do see travelers along the stretch. Um, they're usually on their way to Daggerford at any given time. If you want to talk to anybody, you're more than welcome.
00:31:12	DM	Or if you want to just keep pressing on, you can do that too. Oh, you draw a result. Let's see what we get. Um, yeah, you see a couple of couriers on horses. Um, they seem to be talking to each other and they're riding north to Daggerford. You wish to talk to them. You can, otherwise you can keep going. They're, they're going up. So you're heading south and then they're coming up to the north. Um, but, well, we're headed to Daggerford along the, along this road. But, um, that's pretty much it.
00:31:24		Thomas — Draws a result from the Trade Way — Travellers on the Road table: 1d12 = 6
00:31:45	Gren	So they're coming from the way we're going? Yeah. So I say, hail and well-met travelers. We're making our way to Green Mantle. Green Mantle? Green Rest. And we'd like to know what dangers are in the road ahead. You've just come from there, I see. It seems.
00:32:27	DM	I'm Pibb. This is Josk. What do you want? No. Um, honestly, and this is Pibb talking, he says, Josk is really annoying me. He keeps bothering me about the fact that we're a day late. I can't help it. The horses need to stop and eat. Would you like to arbitrate? Well, um, uh, so let me think. I'm a respectable businessman and this is my friend. I deal in, in documents and I help people get the right kind of documents for the right situation. Josk kind of, Josk kind of looks at him like, rolls his eyes and looks away. Uh, yes, I, I make the documents and, and Josk here helps me find the clients. Uh, click on your character. Just double click it.
00:32:31	Gren	Well-met?
00:32:34	Thomas	you guys have anything for sale how can i go point of inquiry how can i get into my character sheet right now because i'm unable to do anything
00:33:26	Jetten	daggerford line of business
00:33:27	Jetten	and i asked the two travelers how can we help them let's greet the let's greet the cleric
00:33:35	DM	Do you see him? I moved you a little bit. Okay. Really? Trying to refresh your browser? Well, I mean, what do you think? I think a horse only needs 20 minutes, uh, to rest and eat grass. And, and, Josk says, you know, it's, it's, it's, um, Josk says it needs a whole night. I've lost a whole days of doing business in Daggerford and it's really annoying. I don't think a horse needs that much rest. Okay. Okay. Actually, because he said he deals in documents,

00:33:49	Thomas	like that i can't move them or click on yeah i see him but i can't clicking doesn't do anything and i can't move him myself refresh i want to use my insight skill and see if i can discern any
00:34:42	Thomas	suspicious yeah cuz I'm a scribe too so okay so did you catch my role there wonderful yeah because I know most of the legitimate document directors in
00:34:44	Gren	I'm going to pass with animals. All right. So I'm going to cast speak with animals and say, well, I have a way with horses. Let me see what I can find out. Yeah, no, I'll do subtle spell. Why not? Yeah. Yeah, I want to speak with one of the horses. I want to go up to it and try and smooth it and then whisper in its ear and say, are they treating you well?
00:34:48	DM	you can do it with advantage. Yes. Yes. Thomas, you recognize that the way Pibb is acting, he's probably a forger of some sort. And this guy is his accomplice. He's no legitimate dealer of documents. Mm-hmm. Grant, are you using, uh, subtle spell or are you just casting it out loud? Okay. So, Daggerment, your, your sorcery, um, you wanted to speak with one of the horses? All right. Uh,

00:35:53	DM	well, I got to sleep a whole night and eat off the apple orchard. Works for me. I don't know if they're dangerous. I slept all night. It was great. Most people don't let me do that. Uh, yup. I, I wish they wouldn't, like, ride on my back all day. It's tiring, but I guess that's what I have to do. I'm a horse. Anyways, so Pibb says, so what do you think? Like, don't you think I'm right? The horses should just keep going. Well, whatever. I never asked your opinion anyways. Whatever you people are up to,
00:35:58	Gren	And are these people dangerous to others? And they gave you more than 20 minutes of rest. And there's another is, I asked the other horse, is it the same? Did you get, well, how about that? Yeah. Okay. Yeah. The horses seem to be fine and well-rested and seem to think that they had a full night's
00:37:04	Gren	rest. Well, I don't think we need any documents, right? I say, Matt, did you add subtle spells?

00:37:07	DM	I don't want to know about it. I'm taking off. And they start marching north to the, to Daggerford. Yup. They're starting to move away on their horses. So, uh, so, so, uh, they're starting to move away on their horses. Okay. So you continue on your way. Um, the road is long. Uh, let's see. Uh, you come across a barefoot priest. Looks like a halfling. Um, he kind of looks at you and bows. Uh, and he keeps walking, unless you wish to stop and say hi. Going once, twice. He walks off in the distance. Okay. Oh, oh, well, hello. I'm
00:37:34	Thomas	about for every week we haven't gone a day yet oh and we see anyone that's on
00:38:14	Gren	No.
00:38:15	Jetten	and ask him where he where he's going and what brings you to Daggerford priest that we welcomed thanks and safe journeys to
00:38:22	DM	going to Daggerford. Well, I'm a, I'm what's known as a priest of Shantia. That's the goddess of nature. Um, look at him. And he says, my brother, or my name is Brother Tobin. Uh, if you'd like, I could give you a blessing. Okay. Um, and he kind of looks you over. And he says, a wood elf. Uh, uh, uh, uh, uh, a wood elf. You're a kindred spirits. Let me give you a gift. And I'll drag it onto your character sheet. And he gives you a barley token. And he says, this is the blessing of my goddess. May this help you. Um, the lady's been strange with her gifts of late. Some fields simply cannot fail. Others starve a mile off. She doesn't usually play favorites. So I wish you the best by it. Thank you very much. And Brother Tobin starts, walking along. Uh,
00:39:22	Jetten	Daggerford overturned cart yeah I I like to take a take a look at the uh at the wreckage and see
00:39:27	DM	let me see. Subtle spell. Where are your metamagics? You have careful spell, but not subtle spell. Let me check. What happened? Added subtle spell. Oh, it's in other features. For whatever reason, it's not on the top. What's on the bottom. Okay. Um, as you keep going, there's another parade of, of, different types of spells. And, uh, uh, uh, uh, uh, uh, different types of people, that come by. Um, there's some merchants. They offer you some wares. None of them really interests you. Uh, you stop a few people, and you ask them about, green rust. And generally speaking,

00:39:36	Gren	Okay. I'm trying to remember. I think I'm trying to decrement it, but I can't find out how to use it. Okay.
00:40:13	Gren	I want to follow up to this map as well.

00:40:39	DM	nobody knows of it. And you learn from, your research, in Daggerford, that, it's really a small, village. And, it's not really well known. So, none of that surprises you. So, uh, uh, uh, uh, uh, none of that surprises you. Judging by the fact, that you're towards, the bottom of the map, um, I'll continue on. Unless, you feel compelled, to talk to other people. Okay. Let's see. Everywhere. No. No. And so, you're probably, have walked for, the better part of the day. It's about four in the afternoon. And, now you come across, something interesting. There's a bridge, with a, a, uh, a wreckage, on it. Yes.
00:41:53	DM	And, it looks like, there's fresh blood around it. Give me one second. Yes. So, hold on. There's an overturned, merchant cart, slewed across the roadway. The wheel is actually, still spinning. Um, the crates are broken, and picked over. Anything, worth carrying, is gone. You can see, the blood splatter. And, there's, blood splatter. Um, it doesn't take an investigation, check of any sort, to see that, there is a trail of blood smear, that runs, towards the end of the bridge, and off, and to, um, the side of the river. What were you looking for, in specific? Okay. Yes. It's, it's not hard to, not hard to pick up. And, like I said, judging by the spinning wheel, whatever happened, very recently.
00:42:03	Jetten	if I can notice anything unusual I was going to look to see what you just described which is if it's a recent encounter and if so oh you know are there any clues as to what happened
00:42:08		Morgash the Gravemaker — Wisdom (Survival) Check: $1d20 + 1 + 2 = 17$
00:42:53	Jetten	but can we follow the trail of the blood recently uh now I am aware because I'm looking at it
00:43:08	DM	No. Um, you can, um, you did roll a survival check, already, Morgash. From your vantage point, you do see, multiple footprints, in the blood smears, that, again, lead to, uh, this area, here, that I'm picking on the map. Okay. So, hold on one second. So, Jeton went ahead, and explored, to a different map. If you walk on a certain, um, uh, square, it will, it will move you to, a different map. Just so you're aware. Uh, yeah. Yeah, exactly. Just so the others are aware. Um, so, yeah. If you wish to follow Jeton, you can do that. Okay. Um, Jeton. You can see a cave. Uh, it's not lit. Your dark vision, immediately, flips on. Everything is in black and white.
00:43:11	Thomas	the road but it might might have been associated with it am I in it or am I
00:43:34	Morgash	I see multiple footprints, maybe down here. Let's check with him.

00:43:59	Jetten	I able to hear anything yes sir perception this is my this is my first one to try trying to do this
00:44:22	DM	Um, Jeton, you can see a cave. Uh, everything is in black and white, because that's how, you see with dark vision. Um, the same with you, Morgash. Uh, why don't you do a, perception check. Jeton, you can hear, you can hear voices. Yeah. Oh, you had a disadvantage, for some reason. So, do, so, we have a rule. If you don't do a roll right, you have to do it over again. Um, so, go ahead and do your, your, your, your, your, go ahead and do your, your survival check again. No, at regular roll. And it's perception. Yep. Perception is generally for senses. Hear, sight, smell, and you're listening for, things. You can hear, guttural voices, and they seem to be laughing, like,
00:44:43	Gren	Yeah. I'm not on the map.
00:44:47	Morgash	I think that I am the same way.
00:44:55	Gren	Matt. I'm not, I'm not on this. Am I, can you guys hear me? Matt.
00:45:02	Jetten	but I click on perception okay that's no problem at disadvantage or advantage or or perception or survival percent okay a normal role okay and I I turned to Morgash and I and I said Morgash did you hear that it sounds like we have company here do you want to check it out let's do it let's
00:45:25		Jetten Elisedil — Wisdom (Perception) Check: $1d20 + 3 + 2 = 13$
00:45:37	DM	. Give me that. And that's about it. So, just as a warning, your, your party's not complete. Um, just so you're aware. . Okay. Yeah. Um, and if you wanted to jet, and you might want to, sneak, and use stealth. Yes, you do. And so, it's an ability called stealth. And as a ranger, you're pretty good at it, generally speaking. Normal. If I say, advantage or disadvantage, I'll let you know. Generally, advantage and disadvantage, are either based on, it's based on the rules, like, certain abilities, or, you know, the, the, the, the rules, like, certain abilities, or effects, will create disadvantage. And then,
00:45:45		Morgash the Gravemaker — Wisdom (Perception) Check: $1d20 + 1 + 2 = 23$
00:45:48	Morgash	Yeah, I hear that.
00:45:54	Morgash	Yes, I want.
00:45:57	Jetten	go yep oh no I know I guess the other guys are out waiting outside yep so do I need to do a check on that okay all right advantage normal disadvantage thank you the initiative or surprise or something like that right
00:46:09	Morgash	Okay.
00:46:09	Gren	Can you hear me? Can you, can you hear me now? How you can hear me?
00:46:18	Thomas	not yeah I can hear you all I see is the black red I can't see
00:46:33		Jetten Elisedil — Dexterity (Stealth) Check: $1d20 + 3 + 4 = 18$
00:46:41		Tom: can you guys hear me? I'm trying to follow
00:46:43	Jetten	of course okay well I took I took the role I know you can see that right

00:46:51	DM	it's also a DM discretion thing. So, like, if I, you know, like, where Tom, uh, Thomas, is a scribe, you know, he had advantage to his check on his insight, because, you know, he was dealing with forgers. Um, in other situations, something just might be more difficult, and then it would be at disadvantage. Okay. Yep. And, I have a message. Tom says, I'm trying to follow. I can't hear Tom, so let's make sure everybody's, yes. Yeah. Alright. Are you having any issues getting your character into the, yeah. So, do you know how to do that? No, so, there, so, let me just go back to yours quick, Tom. So, there are teleporters in this. So, if you move your guy here, where I'm tinging, you'll automatically move. Okay. Yeah. Just bring everybody in here. Yeah. I'm gonna,
00:47:12	Jetten	yeah we can hear you on guys it's this way yep I see I see I see you Thomas Thomas what took you so
00:47:24	Gren	Okay, good. I'm not on the map. Yeah. I mean, when you, when you switch it, it switched me to the new map. I don't know. to the new map, but I don't have a token here because we didn't transition. Yeah, but I'm not on that. So I see the Tradeway Cave. I don't see that old map.
00:48:02	Thomas	anything except the black line and see it I can't see anything in here I don't even know where you are yeah I can't see anything I thought that was a spell
00:48:05	DM	I'm gonna fix you. Hold on. Okay. So, now you're all, now you're all in the, yeah. Let me fix you, Tom. Hold on. Let's just do a pause quick. Um, Tom is saying he doesn't have dark vision, because he doesn't, but now he does. And, Thomas, you are a human, so you cannot really see very well. It is very dark in here. No. That's the, um, Grendel summoning a light. So, you would press the summon button. Yeah.
00:48:13	Jetten	long yep light a candle don't curse the darkness as they say he's over by the entrance that's now
00:48:18	Gren	I should have dark beacon, but I don't seem to. Yeah. Let me help you out with that. Where is Thomas? I don't see him on the screen. Oh, there he is. Let me see if this works. So Matt, I tried to cast light on Thomas's field. Me?
00:48:27	Morgash	I don't see the map.
00:49:01	Morgash	Okay. I don't see nobody. I only see my token.
00:49:01		Gren Greenmantle: Light Evocation You touch one Large or smaller object that isn't being worn or carried by someone else. Until the spell ends, the object sheds Bright Light in a 20-foot radius and Dim Light for an add ...
00:49:07	Jetten	that's feedback that's not from me that's the sound of the game light
00:49:16	Thomas	noise now can I ask how did that work is that where is it

00:49:20	DM	So, press the summon button on your card, I'm presuming. Yeah. So, you, you press the light. Now there's a card. I don't know. I don't know how this works. So, let's find out. Oh, okay. Oh, so, yeah. Looks like, yeah. So, you have a light emanating from you, because Gren cast a light spell on you. Um, and Drew, or, uh, sorry, Jetton, you can see that clearly, the voices are getting louder as you sneak, and there's a, the light of a campfire ahead of you. Yup. Your sneaking is now less effective, because the light from Tom is,
00:49:28	Gren	So me? Yeah. Yeah, it says, oh, wait, wait, hold on. I targeted him, and then I cast it.
00:49:48	Jetten	and more blood so come down here Thomas and come see what's about mm-hmm okay so I'm still sneaking so I I I take a walk right yeah so Thomas just hang out in the back for for a second and I'm just gonna come around the corner and just take a quietly take a look and see if I can
00:49:52	Gren	OK, well, now it's there.
00:49:54	Thomas	where's the light emanating from okay yeah I mean maybe I should yeah I'm gonna back absolutely jet and I'm gonna maybe I should stay back here because I
00:50:09	Morgash	No, no yet. Not yet. He should stay on the back.
00:50:13	Morgash	I see the screen.
00:50:34	DM	is taking you from the shadow. Mm-hmm. Okay. Does it look like, anybody sees you right now? Um, give me one second. But, you don't see anyone either. But you can certainly hear the echo of voices. Okay. Um, yes, you can see, a couple of, uh, hobgoblins, it looks like. I'll show a picture to the party. Give me one second. Hobgoblin, hobgoblin. Um,
00:50:42	Thomas	don't want to miss it you're sneaking I just googled it on D&D and beyond and
00:50:48	Jetten	see anything without exposing myself too much in the shadows over here I I take a couple more steps
00:51:09	Jetten	mm-hmm what's good what is Google Thomas so can we can I notice it are they doing anything are they
00:51:41	DM	they kind of look like that. Oh, no. Let me do that again. Or, you can do that too. Yeah. Yeah, so, it looks like there's some sort of leader there. Um, and, they appear to be resting. Uh, you can see that they seem to be wounded. Uh, doesn't take much for you to intuit that, what, whoever they attacked up above, they had a battle, and these, guys are, ah, my phone just crashed. And, they're wounded from the battle.
00:51:55	Morgash	There is a new window that pop up, but there is no picture on it.
00:51:59	Morgash	Should I do a stealth check?
00:52:07	Thomas	it looks pretty scary it looks pretty scary and can we can I speak to jet

00:52:26	Jetten	resting oh I mean as an elf I have no love for hobgoblins and my inclination would be to try to attack them before they attack us yep I'll come and do a recon hey I've just seen a group of hobgoblins here they all look like they're wounded or some of them look like they're wounded but I think that
00:52:51	DM	But, otherwise, they seem to be resting at the moment. He's too far away. Um, Jettin might want to,
00:53:09	Thomas	nursing too far away I would recommend a sneak attack by one of us and then jet and get in the back row and let more gash and I go up front and then run in and attack we've got it yes yeah we can't let them live I mean
00:53:16	DM	step back and explain the situation to the rest of the party.
00:53:33	Jetten	they are probably responsible for whatever happened up above what do you think we should do I saw two or three at least does anybody have any objections to that I mean these are hobgoblins after all yeah they were lying in wait for sure I'm gonna try to get back to my earlier concealed position and see
00:53:36		Hobgoblin Captain: Greatsword Martial Melee • Graze Melee Attack Roll: +4, reach 5 ft. Hit: 9 (2d6 + 2) Slashing plus 3 (1d6) Poison damage. Attack Damage Action Instantaneous reach 5 ft Equipped Proficient
00:53:42	Gren	How many of them do you see? Sounds fine to me. When you attack, I'd like to cast a cantrip as well. So how about, yeah, so I'm going to follow you, and then how about we attack simultaneously?
00:54:16	Thomas	they're just going to attack whoever else comes along on the road and as you
00:54:28	Jetten	if I can um try to get them from long range perfect that's you grin well Thomas remember you have the light so you're don't run up here too quickly please I'm ready to go let's go let's do it do it
00:54:36	Thomas	cannot yeah I'd like to kill I'm not going to okay I can I should I but I was thinking maybe I would cast guidance on jetting real quick and boost is uh okay
00:54:40	DM	Roll a stealth check, Gren. Okay. Don't feel like they couldn't see you. You're, you feel pretty hidden in the shadows.
00:54:45	Gren	Yeah, so I look at Chetan and say one.
00:54:57		Gren Greenmantle — Dexterity (Stealth) Check: $1d20 + 2 = 21$
00:55:25	Gren	So I'm going to cast a sorceress bolt and then back away.
00:55:33	Jetten	all right and I'm going to I mean I think we're good right now Thomas I mean we're right in the middle of it so and Matt this is just a point of order just because it's my kind of first time I wanted to cast as my uh I my I I I I as a bonus the hunter's mark on one of the hobgoblins so i've targeted the hopgoblin but how do i do that yep so i'm i'm on this one that says hobgoblin captain that's right around the corner and i and i t right and it's i've got four corners of arrows and a red box okay

00:55:45	Thomas	yeah
00:55:46	DM	Okay. Um, when you cast the spell, oh, so, um, hover your mouse over, and T is for target. Mm-hmm. Yep. Yep. So, first, you want to, on your character sheet, you'd want to go to the, um, spells tab. And, on the bottom, there's Hunter's Mark, favorite enemy. You'd want to click that. Okay. Yep. Oddly enough, I don't see the spell being cast. Interesting. Let me, let me just see what's going on here. Oh, yeah.
00:56:38	Jetten	and then something comes up mark creature okay okay and then i'd like to it says mark creature and then i clicked on that or i could try it with the um okay let's try it again mark yeah i clicked on mark creature and then it that's it it's it gives me a look it just says hunter's mark favorite enemy mark mark creature um and then i'd like to it says mark creature and then i'd like to it says mark creature but that's it it does there's nothing else in that yeah but now i'm out of yeah that please do but i'm now i'm out of the um i'm out i'm out of the interface now which is odd i'm i'm just
00:57:00	DM	Do mark, do mark creature. I don't know if you press the button, or not. And then, it should do another pop-up, and say, cast spell. Hmm. There should be a, a second window. I can, I can cast it for you, if you like. Yeah. Okay. There you go. Yeah. Yeah. So, something happened. But, normally, there is a second click-through that says, class the spell. You can see it in the chat window now. Okay. And, I'm not sure if he would perceive you casting that on him. Let's see. Magically mark a creature. Doesn't say that they know. And, does it say that you need to say something?
00:57:39		Jetten Elisedil: Hunter's Mark - Favored Enemy 1st Level • Divination You magically mark one creature you can see within range as your quarry. Until the spell ends, you deal an extra 1d6 Force damage to the target whe ...
00:57:52	Jetten	reloading the screen here come on boys so then how can i now i want to attack him with uh my arrow i can click on that the hot box down at the bottom or yep and and longbow and attack
00:58:15	DM	Okay. I'm gonna say that's fine, and he's not aware that he's been marked. Yes. Yep. You just click your, click your, go to your weapons. Yep. And, yep. Once you let loose, the combat will begin. Okay. Strike him. So, might you roll for your damage first? Nope. Nope. So, that's another attack. Roll the damage button. Nope. So, there's the card above. You'll see two. It says, one is attack, one is damage. So, you want to press the damage to see what the damage was. Oh, no.
00:58:38	Jetten	oh i well that's what i thought i did but um yeah but there's no card there anymore i'm sorry but you've paused the game it so does the screen disappear okay hold on a sec where's the chat bar okay i see oh i see over here i
00:59:29	Gren	It's in the chat bar, and you might

00:59:30	DM	It's there. It's one above. Nope. You let me, yeah. So, you let me show you. Yeah. Mm-hmm. You're welcome. Oh, a weak hit. Um, now what? Yeah. Hold on a second. I did something here. Um, just give me one second. What did you do? Four damage? I just have to play that manually because of reasons. Yeah. Um, your bow does four damage, but don't forget your heart. Hunter's Mark also does additional damage, I believe. Yeah. So, your bow does four damage, but don't forget your heart. Hunter's Mark also does additional damage, I believe. Right? Uh, 1d6 extra force damage. So, ain't your roll 1d6? And we'll apply that
00:59:35	Gren	have to scroll up to see it.
00:59:40	Thomas	right that's not yeah I guess I can move in now and now we're here right
00:59:41	Jetten	all right so so for the first one that i wrote what happened okay so for the first one it's where it says longbow martial range down and then i click on it and then i click on it and then i just wait until it gets damaged okay right there okay thank you oh well let's go everyone it was a one it was a one it's is it 1d6 okay uh how do i do that yep i'm clicking on that here
01:00:00		Jetten Elisedil — Longbow - Damage Roll: $1d8 + 3 = 4$
01:00:44	DM	to him as well. There's, uh, some dice on the bottom. It's easiest to use on the bottom right. Yeah. No, it's okay. It's, this is expected. It's, this is not the most user-friendly, uh, UI. No, you're fine. Um, I'm not sure what you see. Crazy numbers
01:00:55	Jetten	is roll all right 1d6 well i don't want four i just want one what uh okay Try this again. So sorry, guys.
01:01:10	Gren	You can change the 4 to 01 manually. OK. Or you could maybe click the minus. There's a learning curve. Just in the text area above, just erase everything, and then just forward slash R space 1D6,
01:01:31	Jetten	Is there a way to reset this?
01:01:39	Jetten	Well, I have all these crazy numbers on my dice. So, oh, I see here.
01:01:46	DM	on the bottom. Okay. So, your Hunter's Mark only does an additional, uh, one point of damage. Um, and with that, combat will begin. So, let me shepherd you all into combat. I think that's everyone. Please. Oh, I'm sorry. Give me one second. Something's, my combat tracker is misbehaving. Arrgh. The combat tracker's, it's not adding
01:01:48	Jetten	Yep.
01:01:51	Jetten	Yep.
01:01:57	Gren	and it'll roll a 1D6, and then enter. I know. I'm behind even you. That's my place in combat.
01:02:03		Jetten — roll: $1d6 = 1$

01:02:04	Jetten	Ta-da, another one. Listen, Morgash and Grant, I'm going to hang out where I am and try to hit these goblins from range, but if you want to rush past me, be my guest.
01:02:45	Morgash	Yeah.
01:02:48	Jetten	Perfect.
01:02:48	Morgash	I'm going to do that.
01:02:52	Morgash	Going to do that.
01:02:57	Jetten	Man, if I keep rolling like this, I need some more whiskey.
01:02:58	DM	anything. Oh, there it is. There it is. There it is. It's not adding people. I'm just gonna refresh. No, it's not picking up. Give me a second. Clearly, I'm doing something wrong. It's not combat. There must be, yeah. I don't know, Tom. It's not like, uh,
01:03:02	Gren	Yeah.
01:03:45	Jetten	Not at all.
01:03:49	Jetten	Here's, guys.
01:04:07	DM	it's not playing nice. Yeah. Yeah. I think I'm gonna try that that way. There we go. I'll just have to do it that way. I'll have to figure out what's going on. Okay. So, I'm gonna try this. Okay. So, on the right-hand side of the screen, there is a combat tracker. It's the two swords clashing. You can right-click it. Yep. And that'll pop out a separate window so we can track initiative. Mm-hmm.
01:04:28	Gren	Can you right-click on the characters and see if you can add them each to combat? Can you start to initiate the combat?
01:04:33	Gren	I am going to probably Control-T does not work.
01:04:49		Morgash — Morgash rolls for Initiative!: $1d20 + 0 = 6$
01:04:54	Jetten	Should we click on that?
01:04:59	Jetten	Okay.
01:05:00	Jetten	We're going to need you eventually once it's your turn.
01:05:02	Thomas	we should roll initiative now right yes where are you jetting are you saying
01:05:03		Hobgoblin Captain — Hobgoblin Captain rolls for Initiative!: $1d20 + 2 + 2 = 13$
01:05:03		Hobgoblin Archer — Hobgoblin Archer rolls for Initiative!: $1d20 + 2 + 2 = 22$
01:05:03		Hobgoblin Warrior — Hobgoblin Warrior rolls for Initiative!: $1d20 + 1 + 2 = 22$
01:05:03		Hobgoblin Warrior — Hobgoblin Warrior rolls for Initiative!: $1d20 + 1 + 2 = 16$
01:05:03		Hobgoblin Archer — Hobgoblin Archer rolls for Initiative!: $1d20 + 2 + 2 = 22$

01:05:05	DM	Okay. I think everyone's going. Good. Okay. Um, first up, there's a couple archers that were out hiding. Seeing the combat, they move. One, the first one moved, goes to see what's going on. He sees the group. Um, he knows an arrow flew, so he's gonna take a shot at Chetan with his longbow. And it flies wide and misses. Uh, he'll keep his position and go to the
01:05:09		Thomas — Thomas rolls for Initiative!: $1d20 + 0 + 1 = 20$
01:05:18		Gren — Gren rolls for Initiative!: $1d20 + 2 = 7$
01:05:30		Jetten — Jetten rolls for Initiative!: $1d20 + 3 + 3 = 18$
01:06:08		Hobgoblin Archer: Longbow Martial Ranged • Slow Ranged Attack Roll: +4, range 150/600 ft. Hit: 6 ($1d8 + 2$) Piercing plus 7 (3d4) Poison damage. Attack Damage Action Instantaneous 150/600 ft Equipped Proficient
01:06:09		Hobgoblin Archer — Longbow - Attack Roll: $1d20 + 2 + 2 = 9$
01:06:20	DM	next turn. The other archer comes out, finds his position, sees more gash, does the same, letting a arrow out from his longbow. Ooh. Critically hitting more gash. Wait, what? Hold on. That's not right. Why is the longbow doing all those fours? Uh, duh. Hold on. For some reason, he has poison on his bow. Um, which is not the case. Give me a second. No.
01:06:30		Hobgoblin Archer: Longbow Martial Ranged • Slow Ranged Attack Roll: +4, range 150/600 ft. Hit: 6 ($1d8 + 2$) Piercing plus 7 (3d4) Poison damage. Attack Damage Action Instantaneous 150/600 ft Equipped Proficient
01:06:31		Hobgoblin Archer — Longbow - Attack Roll: $1d20 + 2 + 2 = 24$
01:06:50		Hobgoblin Archer: Longsword Martial Melee • Sap Melee Attack Roll: +2, reach 5 ft. Hit: 11 ($2d10$) Slashing damage. Attack Damage Action Instantaneous reach 5 ft Equipped Proficient
01:07:34	DM	So, that's something buggy. I'm gonna put the right one on. Yeah, they all have 3d4 poison attached to them. Equipment. He's fixed. He's fixed. And he's a warrior. Okay. Sorry about that.
01:08:40		Hobgoblin Archer: Longbow Martial Ranged • Slow Attack Damage Action Instantaneous 150/600 ft Equipped Proficient
01:08:43		Hobgoblin Archer — Longbow - Damage Roll: $2d8 + 2 = 8$
01:08:49	DM	That's much better. More gash. He does eight points of damage to you. Next up is a 30 feet and he seems to be standing readying an action waiting to attack anybody that moves nearby. Thomas, it is your turn. You have 30 feet of movement. You can use your other action to dash as well. So you could move up to 60 but you'd forego any
01:09:20	Jetten	Hey, Thomas.
01:09:28	Thomas	something I'm gonna move first I'm going to move up so I can I have 30 feet of movement or 35 how far can I go I think really is there a way to center the screen or so I need ah there we go yes I like you I can't really attack you
01:09:29	Jetten	I said join the fray.

01:10:00	Jetten	Cursor arrows.
01:10:03	DM	attacks or spells. You can use the arrow if you like but it's just the sword clash right click it. I'm trying to keep as many odds out until the kinks get worked out on this. So you have spells that you could cast. So you have a bless spell, heroism. What would you like to
01:10:09	Morgash	One question. In this interface, also, we have the combat tracker, like a rule, the carousel on the top of the screen, or it's not available. Okay.
01:10:27	Morgash	It's okay.
01:10:30	Morgash	It's okay.
01:10:31	Morgash	Move next to the captain.
01:10:35	Jetten	Oh, this is amazing. I mean, to me, there's one north and one south, Thomas.
01:10:39	Thomas	I can't attack from here so I think what I'm going to do I can do a dash but then I wouldn't be able to attack but I can't attack anyway so yeah I was thinking I want to cast beam but I can't they're not in range yet that's why I'm trying to I'd like to do the get closer and then cast that one Bane oh the one guy let's see it seems like the top of the Goblin archers further than that but but you think you can yeah all right
01:11:10	DM	cast? Bane has a 30 foot range so you could cast the goblin archer to the south and the warrior. But the other archer is too far away. You could get two of the three. So target both of them that are in range. So do T and T on each. You can
01:11:23	Thomas	yeah okay all right I'll cast that is there you know you is a controller shift yes if I know I'm not able to target both and in the same time at least I
01:12:19	Thomas	can't bring there we go okay all right I cast in my turn oh it was done guys hear
01:12:24	DM	hold the shift. There you go. You got them. And now you can make the saving throw. So the first one will make his saving throw. And unfortunately he fails. And the second one will make his saving throw also failing. So they now have a subtraction of 1D4 from their attack rolls or save. So I will apply that effect on the archer.

01:12:42		Hobgoblin Warrior — Charisma Saving Throw: 1d20 - 1 = 11
01:12:52		Hobgoblin Archer — Charisma Saving Throw: 1d20 - 1 = 5
01:13:13	Jetten	I'm going to target this archer here on the bottom. So, let's see.
01:13:21	Jetten	Whoa.
01:13:27	Jetten	It's shift T, guys. There we go. Okay. Okay, so it was the chat box, which is the top one, right? Okay. And it's the bottom most.

01:13:36	DM	And now I can see the target on it. Yep. Your arrow strikes true. And you can roll for your damage. Yeah. So look at the card and it says damage. And then it will roll your damage for you. There you
01:14:08	Jetten	Yep.
01:14:16	Jetten	Let's pay back.
01:14:25	Jetten	Okay, and I'm going to move over to this top corner so that I'm out of view of this other archer. I'm going to try that anyway. So. Let's see. Ooh. Easy.
01:14:35	DM	go. A nice hit. So whatever. So like the next person that will move. Yeah. Yep. OK. Anything else you want to do? OK. So let me look. You hit him with your bow. Yes. I'm trying to remember do bows have weapon mastery? Yes. They do. Yes. So weapon addition. Different weapons have different effects. The bow has an effect which says oops. Someone's deleting cards. Please don't do that. No. No. Yeah. Yeah. That removes
01:14:50	Jetten	So, I have a circle around my token right now. Okay. Okay. There we go. I'm just trying to move like that. Okay, great. So, that's it. I don't think so, then. I think I'll end my turn.
01:15:16	Jetten	Longbow?
01:15:25	Jetten	History on my bow. Yeah.
01:15:42	Jetten	Oh, I'm sorry. I thought I was just doing it for myself. Sorry.
01:15:49	Jetten	So, of movement. Right. Yeah. Sorry about that. I'm not trying to mess with your interface. The Foundry, the scrolling, guys, it's hard to scroll through things or, like, scroll up and down, you know?
01:15:50	DM	them. Now I can't see it. But slow removes 10 feet of movement from him. So yes. OK. Yep. Yeah. There's there's a trick. So on your bow you know where it has attack and damage if you right click it it'll say pop out and it's good to move that out and then you can just always have that for your attack and damage at any time. It's kind of like a handy movement to go 30 and he's bloodthirsty and he will dash up by the fire pit. Goblin Captain goes hmm. He's not going to wait either.
01:16:12	Jetten	Mm-hmm. Yep.
01:16:19		Jetten Elisedil: Longbow Martial Ranged • Slow Attack Damage Action Instantaneous 150/600 ft Equipped Proficient

01:16:26		Jetten Elisedil — Longbow - Attack Roll (Disadvantage): $2d20dis + 3 + 2 + 2 = 17$

01:16:32	Jetten	All right, guys. So, it's not my turn anymore anyway, so.
01:17:05	DM	He's going to move up 30 and he's going to get right in Thomas's face. He can't attack but he's going to start to block this entryway red 15 right. That gives you a plus one before to your tax. It should do that
01:17:30	Gren	Shift-T. Control-T opens a new tab. Oh, there we go. I am going to cast Bless on Morgash, Thomas, and Chetan. Yeah, I want to get out of the way. I want to hide so that they can't attack me. OK. OK. OK. OK. So I'm going to move. I want to stand here, right there. Unfortunately, I can't see any of what's going on, but yeah.

01:31:13	DM	for Tom to get back. I am. Yeah. Yeah. It's kind of not fun. Oh, you can. You can. Yeah, the mouse wheel zooms in. Mm hmm. Yeah,
01:31:15	Jetten	And I wish my screen were a little bigger.
01:31:22	Jetten	How about you, Rob? You're having a good interface?
01:31:29	Jetten	Nice. Well, when I try to make, so, for example, the map I can make bigger, but then if I make that bigger, then all of, like, the sidebars get, like, way too big. You know?
01:31:42	Jetten	So. So, I wish there was a way you could just make the map bigger, but not, you know, everything bigger.
01:31:51	Morgash	I think with the wheel, your support, you could zoom in only the map. I don't know how you could do it in a Mac.
01:31:58	Jetten	Or gash. You use Divine Smite? Is that what you did on your turn to Divine Smite? That's a great one.
01:32:13	Jetten	Paladin's a great character.

01:32:22	Thomas	yeah yeah which by the way i'm back i can't see anything except what's around the campfire which is pretty cool so i didn't like for example when that one warrior came out of the dark i didn't even know he was there before i checked i don't have one in my inventory yeah i think uh our gnome is out of sight and he's good i can't even see i can't even see him on the screen
01:32:27	DM	he killed her. Yeah, you really hit him hard. The dark and the light. Yeah, they do. Yeah. Yeah, they do a good job with line of sight and lighting I would have given you a torch. Let me give you a torch. I think the party's doing pretty well. Yeah, we'll be back in a second,
01:32:43	Jetten	Right. Because I can see with dark vision.
01:33:00	Jetten	I'll have to remember that.

01:33:36	Jetten	Ha.
01:33:42	DM	I guess. Grand. I put some torches on them because you would have had them on Thomas Invictus. So the same thing as last time you look every torch to like that would be a torch on. Okay, it's Grant's turn. Jen Jettin killed the hobgoblin captain warrior. That's the dead

And I'm going to create an illusion of the cave wall continuing right along here. And then I'm going to duck behind it. And then I'm going to pop out and attack next turn. It's a 5 by 5 by 5. So it's 5 feet high, which is higher than me. I'm going to have it fully obstructing. There's an illusion right there. Yeah. Yeah. And I'm behind it. And then, no, that's it. I've ducked behind it. I'll attack next turn. I just have to keep my concentration up

01:39:28	Jetten	Oh, the shaman. He's down south.

01:40:47	DM	your boat killed him. Usually you do that at the end of the combat. Okay. Um, you're targeting a hobgoblin archer and a hobgoblin warrior. So I think you have to clear your targets. True. Yeah. Um, how do I clear all targets? Yeah, it's showing you do you have the archer.
01:40:55		Jetten Elisedil: Longbow Martial Ranged • Slow Attack Damage Action Instantaneous 150/600 ft Equipped Proficient
01:41:26	Jetten	There we go. The server's resetting. Just so you know. But it looks like I don't have anyone targeted right now. Oh, okay. I'll T. All right. Archer.
01:41:38	Gren	I'm looking it up right now. If you press Alt-T on an empty space, it should clear all your targets on an empty space. That's what it says. Or you can untarget something by just pressing T on top.
01:41:55	DM	The targets are shown by a little dot. Archer down below. Okay. All right. So highlight him. Press T. Um, yeah, let's see how it works out. Yep, that fixed it. Um, what's that? Because that's the bless spell. Yep. Mm hmm. Yeah,
01:42:14	Gren	Select it and press T. That's the blast. Yeah. Even with all those bonuses.
01:42:32	Jetten	Attack again.
01:42:39		Jetten Elisedil — Longbow - Attack Roll: $1d20 + 3 + 2 + 1d4 + 2 = 14$
01:42:45	Jetten	Die four.
01:42:49	Jetten	I said, why did it roll a die four there? It rolled its one. Oh, okay. Thank you. But I missed.
01:42:59	Gren	Yeah.
01:43:01	Jetten	Okay.
01:43:04	Jetten	All right. Then what can I use for a bonus action? I can, I can. Okay. Let me. That's right. So I'll place it on the. Um, the Archer now, so, well, the Archer is the one I have marked right now, but I can put it on this warrior here, right?
01:43:09	DM	it was a low roll. Anything else? Oh, I think he's going to enter his mark on a different target. You see, because yet. So what I would do if I were you just just talking out loud is I would either put it on the warrior that I'm pinging. Or the warrior here. Oh, he's the one that you have marked, I think. Oh, oh, no. I'm just going to do this action. Yeah, absolutely. Um, yeah, you can different character sheet and then just highlight more gash and then press the spell and it should
01:43:52	Jetten	Okay. Well, I thought I had it on the captain originally. Okay. And can I, can I use that on mortgage? Okay. So I'm, I was trying to do it from this quick menu at the bottom, but I think that doesn't seem to work. So I should just do it for my character.
01:44:20	Jetten	This is mortgage right here.
01:44:23	DM	pop up. Yes. If you have more gash type targeted, just press healing word and then a card will pop up. I don't see a card on my end. Let me see. I'll place it in discord. What I see. So in the discord. Yeah. So if you were to

01:44:32	Jetten	Okay. More gash. And then in order to cast the spell. There we go. Heal. And then do I have to click on something here? Yeah. The card pops up, but I don't have any options to do anything in the card. Okay. It's I have a little thing, like a little pop-up window that says healing word. Yeah, but I don't have it. It's, it's a small window. That's the problem. I don't have, it doesn't have like a cast spell or anything. It just says healing word, heal scaling. Yep. I'm in discord. Okay.
01:45:38	DM	press healing word magic initiative, magic initiate, then you would get a secondary window that pops up one to the left. And that's where you press cast spell where you get in stock. Do you want
01:45:39	Jetten	Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Here we go. Consumption description. No. The window I have. It's, it's, it's just.
01:46:53	DM	to share your screen and we can walk you through the screen. It's on the lower left. It looks like a monitor with an arrow in it. Did you press it? I do not. There we go. So now I'm going to join. Hold on a second. Yeah, I'm joining your screen share. Give me a sec. Watch screen. Okay. So you are in foundry. Close that. Close them both. Close that. Close that. Okay. So let's start out with press healing word magic initiate. Yep. Oh, sorry. It's the icon that you want
01:46:53	Jetten	Yeah, sure. I can share the screen from discord or from. So do you guys have my screen? Did share this. Well, I don't want to share that window. Share. all right so now if you look see i'm back into foundry can you see what i have yeah but see

01:48:07	Gren	Duck, duck, go. Yeah.
01:48:07	DM	to click. That's probably where you're having the issue. That guy. All right. Let's start over. Click the X. X that out. Expanded. So let's open your screen. Click the icon for magic initiate. So on the bottom right. Like, can you open this window larger? That's so weird. I see what's happening is it's like kind of like not expanded. Yeah. I know what your issue is. You're using Safari? Oh, I should have. This is my bad. Chrome is sort of like the browser that works. That's

01:50:11	Gren	Yeah. Yeah, it still thinks you're on the duck, duck, go. I don't know how you actually leave the game. This is par for the course, by the way. The first session is. Yeah.
01:50:31	DM	Yeah. Give me one sec. Give me one sec. I'll boot you out. Yeah, like after my session three, you're just gonna be like boom, boom, boom, it's done. It's just there's a learning curve with this. But once you get past it,

02:29:48		Jetten Elisedil — Shortsword - Attack Roll: $1d20 + 3 + 2 + 1d4 = 22$
02:29:51	DM	Oh. Roll your damage.
02:29:55	Jetten	on dude normal there we go nice it's right in his eye all right enough goblins and then so i can move i walk as far as possible down this way down by the fire to see if i can see any yep go ahead
02:30:04		Jetten Elisedil — Shortsword - Damage Roll: $1d6 + 3 = 6$

02:30:09	DM	All right. How would you like to kill this goblin with your short sword?
02:30:22	DM	Do you stab him in the gut? Chop his head off? How does it work? Okay. So, fight is pleading from the hobgoblin. Chetan takes the short sword, throws a quick thrust to the goblin's eye, and he falls to the floor, dead.
02:31:02	DM	Okay. Let me point one thing out. Thomas, something catches your eye, which is the sword. That the captain was wielding doesn't look like a normal hobgoblin sword. There's something special about it. You can immediately tell.
02:31:04	Jetten	sword thomas well if the combat's over we can continue to search this cave right so let's go
02:31:31	Thomas	do i need to i pick it up yeah i was just reading in my uh player's guide about the attunement
02:31:33	DM	Yes. Give me one second.
02:31:39	DM	There is a rose gold longsword that you find on his body, which I dropped on the ground.
02:31:54	DM	Okay. You can click on the item pile and grab it if you wish.
02:32:01		Matt the DM: Thomas A. Invictus picked up the following items: Rose-Gold Longsword 1
02:32:01	DM	Okay. It is now in your hands. Okay.
02:32:12	Morgash	big. Big.
02:32:14	DM	Yeah. For the other hobgoblins, they have standard loot. Thomas, you have the sword that he's carrying. It's clearly something a hobgoblin would not carry. And, in fact, if you look at the item carefully, you sort of feel a connection to it. And it's in your inventory if you want to look at it. I'm trying to put it in the chat. But it's not cooperating.
02:32:15	Morgash	near the fire
02:33:02	Gren	What about the shaman? Did he have a special staff? We didn't ask him if there's any other enemies in the cave. Right.
02:33:02		Thomas A. Invictus: Rose-Gold Longsword Martial Melee • Sap A plain-seeming longsword, oddly warm to the grip — its fuller inlaid with rose-gold that seems to hold a little daylight even in the dark.The blade keeps its o ...
02:33:04	DM	Yeah. So, the description of the rose gold longsword is in the chat.
02:33:10	DM	Only someone who attunes to it can learn what it truly is. So, in D&D, if you attune to a magic item, you learn more about its history. And you can wield it. Something for later. Okay. Who's next?
02:33:30	Thomas	because i noticed that i have the button next to that sword
02:33:35	Thomas	the attunement but should i am just posing the question maybe we should rest here before should we rest or should we keep exploring because some of you have

02:33:42	DM	You can.
02:33:47	DM	Now, he sort of died before you had a chance to talk to him.
02:33:51	Jetten	there's a there's a big door down here guys by the bottom of the he he didn't say anything but i see with my dark vision you guys listen with my dark vision i'm down at the bottom i can see that there are a bunch of dead bodies in this room i'm going in to to to figure out what's going on well i don't know if we should rest in a inside of
02:33:54	Gren	Wait, where did he say the treasure was, the treasure chest? Do they look like they were freshly killed,
02:34:01	Morgash	nice
02:34:26	Jetten	a cave so do you can i tell what kind of elf it is when i'm at by looking at the body can i look a little more closely and see if i notice anything i don't see anything i don't see anything i don't
02:34:31	DM	Yes. So, as you come in here, you see poor deadbots. It looks like two guards. One of them completely decapitated with his head missing. And two other travelers, an elf and a human, who look like they were merchants of some sort. Doesn't take much of a guess to hypothesize that they had hired these two guards. But it wasn't enough to fend off the hobgoblins.
02:35:08	Gren	like these other people? Yeah.
02:35:08	DM	Oh, yes. They've been killed. Probably within the past hour.
02:35:16	DM	Yeah, it looks like a high elf.
02:35:18	Gren	The dead elf.
02:35:23	Jetten	see anything that identifies him or is unusual 20 water deep so i i tell the rest of the party i said this looks like she was a wealthy elf from water deep can somebody else take a look at the
02:35:27	DM	Sure. Roll an investigation check.
02:35:39		Jetten Elisedil — Wisdom (Perception) Check: 1d20 + 3 + 2 = 25
02:35:41	Morgash	or
02:35:42	DM	Oh. You recognize her garb. She's actually, despite the fact that you're a wood elf and you travel in the rural areas of the Sword Coast, she looks like some kind of merchant that hails from the city of Waterdeep. It's sort of a cosmopolitan commercial city. Further up north of Daggerford.
02:36:12	Thomas	is it useful i'll look at this dead guard that i'm right next to here
02:36:23	Jetten	other traveler this what about this other body over here but he's not an elf he's not also is

02:36:36	DM	Hmm. Do an investigation with advantage for you, Thomas Invictus. So, these are well-appointed guards. And you can tell that they appear to be paladins of the god Lathander. He's an elven goddess of light. Well revered within the realms. Yes. Yes. Yes. Yes. Yes. Yes. Yes. Yes. I know who he is.
02:36:47		Thomas A. Invictus — Intelligence (Investigation) Check (Advantage): $2d20adv + 2 + 2 + 1 = 21$
02:37:08	Thomas	yeah that's the same guy that i worship well i'm really angry now um i'm gonna pull out my psalter and i'm gonna pray over the dead bodies since they're in the same follow the same god that i do so there's probably yes there's probably a psalm to the dead so i'll say whatever that is in my soul i just feel like it's abnormal for hive goblins to attack on a
02:37:22	DM	He looks like another, probably a companion of the dead elf. He's not dressed like one of the guards.
02:37:32	Jetten	or is he some other type okay for some time
02:37:32	DM	He's a human.
02:37:47	DM	Okay, good.
02:37:54	DM	Okay. You feel a warm wash of benevolence from Lathander, and he appreciates your prayers. Well, you're about three-quarters day march away from Daggerford. You're actually not far from turning off into the Misty Woods forest.
02:38:18	Thomas	trade route so close to the town still it's a i see a lot of take whatever you want but i want
02:38:35	Jetten	thomas first thing no no there's a lot of stuff in it i'm so there's um a letter i'm gonna take that letter and take a look at it but there's rations and there's other things in here guys
02:38:37	Gren	I found their loot over here. All right. All right. What? There's nothing in it. Yeah. Is there a party treasure, Matt? Can we do that? There's a drift globe. Well, maybe this was the hobgoblin's treasure.
02:38:42	DM	Oh, Grend finds a chest. It's probably all of the items that the travelers had with them. The hobgoblins hadn't yet chanced to...
02:38:57	DM	What do you mean there's nothing in it?
02:39:15		Matt the DM: Jetten Elisedil picked up the following items: Traveller's Letter 1 Healer's Kit 1
02:39:21	Jetten	against when we can split it three ways guys well do you want anything in here there's rations i
02:39:25	DM	No. No, we don't have one yet.
02:39:36	Thomas	i won't take anything from the dead who follow the same god as me

02:39:40	Thomas	out of respect oh that's a good point now there's a yeah i'll take the land i'm going to take the
02:39:51	Gren	Yeah. But I think that sword was probably one of the travelers. But it needs to be returned to its rightful owner or find a new master. Yeah. Yeah. Yeah. Yeah. Yeah. I'm going to cry. Well, we should just take it when we sell in town. One of the fighters should take a potion of healing. I'll take the drift globe because I think I might be able to use it. Read it. Just click on it. It's like a magic item. Yeah.
02:40:05		Matt the DM: An item pile's content was split among 4 players, and each one has received: Gold 15 Silver 10
02:40:17	Jetten	don't need i don't need the rations or wine what is the drift club yep oh it is it it is a magic item interesting do you guys think i'll grab this healer's kit so i can use it for the you know if we get into trouble in combat because i think it's right that's what yeah that's what
02:41:04	Gren	I think the healer's kit is for out of combat. Is that right, Matt? Yeah. Yeah. Yeah. Yeah, go for it. Yeah. And I can always cast the light cantrip. I took it because I knew you couldn't see in the dark. And then one of the fighters take the potion of healing. And I'll take the gems, and we can sell them in town. And the bolt of fine claw, back pain. Love it. Love it. Love it. You said this dead traveler, Matt, was well-known.
02:41:11	Jetten	i'm saying to help when we take damage yeah that's a good idea the lady has like a well-known
02:41:17	Thomas	lantern since i can't see anything yeah more guys should take that yeah i think more more guys
02:41:20	DM	You have torches, too. But yeah, go for it.
02:41:22		Matt the DM: Thomas A. Invictus picked up the following items: Lantern, Hooded 1
02:41:32		Matt the DM: Gren Greenmantle picked up the following items: Driftglobe 1 Pouch of Cut Gems 1
02:41:51		Matt the DM: Morgash the Gravemaker picked up the following items: Small Cask of Southern Wine 1 Potion of Healing 1
02:41:55	DM	Which one? The lady? No, she's a high elf from Waterdeep.
02:41:58	Gren	Oh, the lit, OK. All right.
02:42:03	DM	Jetton recognized her. That was it.
02:42:10	Jetten	person all right i'm sure it's thomas that's got to be that's got to be you
02:42:11	DM	Yeah, she had the clothing of an elegant watered-havian person of bourgeois importance.
02:42:20		Jetten Elisedil: Traveller's Letter Junk An unsealed letter, its wax seal already broken, taken from one of the dead travellers. It is addressed in a careful hand to someone in Daggerford — the paper gone soft from fo ...

02:42:26	Gren	Can we search the rest of this cave, cavern? I'm a little worried that there might be more enemies here. Yeah. So let's do a long rest. Let's spend the night in this cave, away from the dead bodies. Did we bury them? I think that, yeah. I think that the victims we should bury.
02:42:27		Jetten Elisedil: Traveller's Letter Junk An unsealed letter, its wax seal already broken, taken from one of the dead travellers. It is addressed in a careful hand to someone in Daggerford — the paper gone soft from fo ...
02:42:31	Thomas	should take the potion i think i am yeah it makes sense it's surprising that they'd be attacked out
02:42:37	DM	Yeah, just to beat things up, you search the rest of the cavern, and it's pretty clear this is a natural cave that was sort of near the bridge that the hobgoblins dragged these travelers in, possibly from an ambush, and that attacked them. There's nothing else of interest in the cave. Some puddles, some mushrooms, that's about it.
02:43:08	DM	Yes, what would you like to do with the dead bodies?
02:43:13		Matt the DM: Thomas A. Invictus picked up the following items: Rations 1 Small Cask of Southern Wine 1 Bolt of Fine Cloth 1 Backpack 1
02:43:15	Morgash	we could do a mass grave at least for the elves decapitate them let's decapitate them
02:43:28	Gren	Does anybody have a shovel? Yeah, let's dig a shallow grave. And then we can let the authorities know. No, at some later point, if they're buried, we can, yeah. Yeah, let's dig them a shallow grave, read them some last rites. Those we can burn.
02:43:34	DM	No one has a shovel. But with your weapons, your swords, you could probably dig a grave of reasonable...
02:43:56	DM	See, you are far along the tradeway, on your own way to the Misty Forest. Who would you talk to? Oh, okay. Okay.
02:44:19	DM	Okay? What would you like to do with the hobgoblin bodies?
02:44:29	Gren	Yeah, stay home to yourself. Yeah, I might be. I'm not proficient in history. Yeah.
02:44:29	Morgash	put their heads put their heads in stakes outside and with a note that if you if someone else try to rob the merchants it will suffer the same make a hole and put all the goblins and set them
02:44:37		Matt the DM: Thomas A. Invictus picked up the following items: Clothes, Traveler's 1
02:44:48	DM	If you're proficient, roll a history check for me, anyone.
02:44:59	Jetten	just leave them where they lie as far as i'm concerned word thomas

02:44:59		Thomas A. Invictus — Intelligence (History) Check: $1d20 + 2 + 2 + 1 = 17$
02:45:00	DM	All right. Yeah, Thomas, you know that the history of the tradeway is it's, generally speaking, fairly safe. It's not like it's regularly raided by bandits. For whatever reason, unknown to you, the hobgoblins... The hobgoblins are probably driven here from some purpose and scouring the land, not knowing better where to go.
02:45:36	Thomas	here in the road yes oh i did this yes i would oh that's great yeah once once between dawns this
02:45:39	DM	Indeed.
02:45:44	Morgash	on fire let's put it where some animal could eat it
02:45:56	Morgash	I think that there is something
02:45:57	Gren	All right, let's take a rest, and then move on. All right, let's look at the long rest. I took a long rest.
02:46:04	DM	Okay, so you feel like, you know, it's not the most comfortable thing, but you could probably find a corner in the cave that isn't splattered with blood, and you could have a reasonably peaceful rest there, and start your day fresh in the morning, which would lead you to the Misty Forest. You're about at the point where you would want to turn east and head into the woods and veer off of the trail.
02:46:36		Gren Greenmantle: Gren Greenmantle takes a long rest and recovers 13 hit points.
02:46:40	DM	Okay, so yeah, if you want to take a long rest on your character sheet, sort of in the top, middle, a little bit to the right, there's a short rest and a long rest. The long rest looks like a triangle. You can click that, and you'll regain all your resources, including hit points.
02:46:46		Thomas A. Invictus: Thomas A. Invictus takes a long rest.
02:46:49		Jetten Elisedil: Jetten Elisedil takes a long rest and recovers 21 hit points.
02:46:49		Morgash the Gravemaker: Morgash the Gravemaker takes a long rest and recovers 19 hit points.
02:46:59	Gren	Smites.
02:47:01	DM	Yes. Thomas, as you rest... Would you like to attune to your longsword? Okay. As you attune to it, it identifies, and it is known as the First Light, a Dawnbringer's blade, which has been consecrated in a temple of Lathander. And if you read the text, you can see a little bit of its history. It communicates its history to you with a little bit of empathicism. Knowledge and visions. It doesn't speak, but it's well known that when magic items attune, you gain a little bit of knowledge of where they came from and how they came into your possession.
02:47:57	DM	And as you see, it's a plus one sword, but it also lets you cast heroism once per day.

02:48:03	Gren	Ooh, nice. I don't see you, Anthony. Where is your character?
02:48:07	Thomas	call in the morning lord's grace yeah that sounds good that sounds good oh thanks everybody thank
02:48:13	Morgash	weird happening with my night dark vision because I still have 120 and right now I could not see anything it's supposed to be like that it looks
02:48:23	DM	Let me look.
02:48:28	DM	Yeah.
02:48:32	DM	Yeah. Let me see. One second.
02:48:47	Jetten	travelers to get out of here guys yeah me and i'm in japan as well after next week's good
02:48:49	DM	Vision was not set properly.
02:48:58	DM	Two.
02:49:03	DM	There you go.
02:49:11	Gren	Yeah, and I reloaded it, and I'm on the tradeway cave
02:49:27	Morgash	there is the light the spell the light spell was there I get out
02:49:42	DM	How interesting. The Bless spells. Still on despite you all arrested.
02:49:55	Morgash	that's good
02:49:57	DM	You can go up to the cave where you came in. If you go up to the end, it'll take you out.
02:50:07	Gren	for no offense here. Will you drag me onto the screen? No, but I'm not on that screen for some reason. Oh, there I am. OK, no. OK, now I am.
02:50:24	DM	Did you find everyone find their way out?
02:50:31	DM	I see you there.
02:50:41	DM	There you go.
02:50:46	Gren	OK, yeah. This way, guys. Sorry.
02:50:49	DM	Okay. It's morning. You've rested.
02:50:55	DM	Thomas has found a new magic sword. You've buried the goblins and their victims. And to the east, you see. A break of woods, which, according to your map, is the Misty Forest. Let's go look at that quick.
02:51:21	DM	So up until this point, you've traveled from Daggerford to approximately here. And your next step is to head into the woods, according to your map.
02:51:48	DM	Yes. Don't don't walk on the map. It's rude. Okay. Anyways, I think that's it for now, because it's 11 Eastern, at least. Sorry about the glitches. I have a whole list of stuff to fix. We got some training done on the UI combat experience. So I hope that worked for you. And yeah, I don't know when you guys want to play next.

02:51:59	Gren	Yeah, I'm good next week. But after that, I'm going to be internationals traveling for a few weeks. Yeah, yeah, yeah. Perfect. All right, guys.

02:54:17	Morgash	like 20 minutes from Allentown like that

02:54:32

DM

No problem. Yeah. And this is this is like so normal. And like by the third session, like you'll feel very fluent, I think, with the tools and everything is going to go much smoother.

02:54:48

DM

Good. All right. All right. Have a good night. Take care. Bye. Bye.
